

# Bid On Me

## Item 1

**Description:** Be the first one on your block to get this sleek, new cell phone. Not only can the user place and receive phone calls, text messages, photographs, and video, but this cell phone has the functionality to grant any wish the user makes. Hurry up and bid because this is the only cell phone of its kind.

## Item 2

**Description:** Bidders, get ready to buy this beautiful new lamp. It brings light into your life and makes you feel safe when you enter a dark house. Be sure to get in on this offer because it's the only light of its kind that's available at today's auction.

## Item 3

**Description:** Check out this new high-tech video game system that's on the market. Not only does this system have great graphics and interactive games, but its owners will now be able to communicate with players around the world. This new system allows its users to speak into a microphone and have their words translated automatically into their competitor's native language. Player interaction will be brought to a whole new level with this incredible new gaming system. No need to worry, there's a huge supply of these games in stock.

## Item 4

**Description:** Again, check out this new high-tech video game system that's on the market. You've heard about it before, so now's your chance to bid again. And, there still are more of these systems available for sale.

## Item 5

**Description:** Again, check out this new high-tech video game system that's on the market. You've heard about it before, so now's your chance to bid again. This is the last system in stock, so if you really want it, bid now.

## Item 6

**Description:** Take a look at this brand new, extremely warm sweater. It's perfect to wear around town during those cold winter months. No need to rush, we've got more in stock.

## Item 7

**Description:** Again, bidders are welcome to jump on this opportunity to buy this extremely warm sweater. This is the last of its kind, so come on and bid now.
