<b>Use of Japanese before and after class</b>	Student always speaks Japanese once inside the classroom, before and after the actual class period.	Student uses some Japanese once inside the classroom; many times student prefers to just not speak to anyone.	Student continues to use English, <b>or</b> says very little once inside the classroom.
<b>Conversations and activities</b>	Student always speaks Japanese with partner(s) and Sensei. Student uses additional Japanese to expand conversations.	Student mostly speaks Japanese with partners and Sensei; but many times resorts to English when faced with difficulties.	Student frequently uses English during class discussions and/or activities.
<b>Class time participation</b>	Student is focused during class. Participates freely in Japanese. Asks questions in Japanese to understand to both classmates and to Sensei; does not give up when attempting to say something in Japanese.	Student is fairly focused during class. Occasionally participates in Japanese. Attempts to ask questions in Japanese; often gives up when attempting to say something in Japanese.	Student is not focused during class. Works on other subjects during class. Only participates in Japanese when called on. Never makes an attempt to ask questions in Japanese.

じょうず  
上手にしたこと。。。。したいこと。。。。かみ紙の後ろに。。。。うし

- Write one thing that you did well and about which you are proud this week.
- Write at least one goal that you will work on during the next week to improve your performance.
